### II. THIRD INTERIM APPLICATION FOR THE FOURTH INTERIM APPLICATION PERIOD

13. Bankruptcy Cases dated April 19, 1995 (the "Amended SDNY Guidelines," and together with the Original SDNY Guidelines, the "Local Guidelines"), and the United States Trustee Guidelines for Reviewing Applications for Compensation and Reimbursement of Expenses Filed Under 11 U.S.C. § 330 promulgated by the United States Department of Justice dated January 30, 1996 (the "UST Guidelines" and collectively with the Local Guidelines, the "Guidelines"). - 14. Duff & Phelps has prepared its time and expense entries to comply with suggested guidelines proposed by the Fee Committee.<sup>6</sup>
- descriptions, Duff & Phelps augmented certain of its time entry descriptions to comply with the Fee Committee Report<sup>7</sup>. Duff & Phelps is prepared to provide additional information to the Fee Committee with respect to any additional comments or questions the Fee Committee may have with respect to disbursements or time entry descriptions for the period covered by this Third Interim Fee Application.
- 16. Duff & Phelps seeks interim allowance herein of reasonable compensation for actual and necessary financial advisory services rendered to the Examiner during the Compensation Period, in the aggregate amount of \$17,090,309.03 and for reimbursement of

<sup>&</sup>lt;sup>6</sup> On May 26, 2009, the Court entered an Order Appointing a Fee Committee and Approving a Fee Application Protocol (the "<u>Fee Committee Order</u>") [Docket No. 3651]. On August 3, 2009, September 10, 2009, December 14, 2009, and March 10, 2010, the Fee Committee filed reports pertaining to the first, second, and third interim fee applications. [Docket Nos. 4655, 5104, 6165, 7498].

<sup>&</sup>lt;sup>7</sup> See Exhibit K of this application for the additional information pertaining to time entry descriptions. Augmentation of expense descriptions can be found included in items marked with an asterisk in Exhibit F.

actual, reasonable and necessary expenses incurred during the Compensation Period in connection with the rendition of such services in the aggregate amount of \$346,491.55.

- 17. The fees sought by this Third Interim Application reflect an aggregate of 33,839.1 hours of professional time spent and recorded in performing services by and for the Examiner during the Compensation Period. This aggregate amount does not include time that might be construed as duplicative or otherwise not beneficial to the Examiner's Investigation. In addition, for the duration of the Application period, we eliminated all time spent by our administrative and research analyst staff, transitory professionals, and executive management of Duff & Phelps.
- 18. Of the aggregate time expended during the Compensation Period, 5,962.9 recorded hours were expended by managing directors and senior advisors, 4,889.3 recorded hours were expended by directors, 7,242.9 recorded hours were expended by vice presidents, 8,956.1 recorded hours were expended by senior associates, and 6,787.9 recorded hours were expended by analysts.
- 19. The fees charged by Duff & Phelps in this matter reflect a voluntary, agreed upon 10% reduction from standard hourly rates because of the significant public interest associated with the Examiner's duties and responsibilities. The fees are otherwise billed in accordance with Duff & Phelps' procedures in effect during the Compensation Period.
- 20. During the Compensation Period, Duff & Phelps' hourly billing rates for professionals working on these matters ranged from \$120.00 to \$955.00 per hour<sup>8</sup> before applying the agreed upon 10% rate reduction, or \$108.00 to \$859.50 per hour after applying the

12

<sup>&</sup>lt;sup>8</sup> Duff & Phelps' standard hourly rates set forth in the letter of engagement range from \$120 to \$920 per hour. Consistent with the engagement letter and the retention application, as of April 1, 2009, Duff & Phelps' standard hourly rates were adjusted, resulting in a range of \$125 to \$955 per hour.

reduction. Allowance of compensation in the amount requested would result in a blended hourly billing rate of approximately \$505.05.

- 21. Such rates are reasonable based on the customary compensation charged by comparably skilled professionals in comparable non-bankruptcy cases in a competitive national financial advisory services market.
- 22. Pursuant to the Guidelines, annexed hereto as Exhibit C is a schedule setting forth all Duff & Phelps professionals who have performed services for the Examiner during the Compensation Period for which Duff & Phelps is seeking reimbursement, the position in which each such professional is employed or retained by Duff & Phelps, the hourly billing rate charged for services performed by such professional and the aggregate number of hours expended in this matter and fees billed therefore.
- 23. Pursuant to the UST Guidelines, annexed hereto as Exhibit B is a summary by project matter of the fees generated by the services performed during the Compensation Period, and, annexed hereto as Exhibit D for each separate project matter, a list of each professional providing services on the project matter, a statement of the number of hours spent and the amount of compensation requested for each professional on the project matter.
- 24. Annexed hereto as Exhibit E is a schedule specifying the categories of expenses for which Duff & Phelps is seeking reimbursement and the total amount for each such expense category.
- 25. Annexed hereto as Exhibit F is detailed list of all expenses for which Duff & Phelps seeks reimbursement. This schedule has been adjusted for and does not reflect certain expenses incurred by Duff & Phelps for which it will not be seeking reimbursement. During the Compensation Period, Duff & Phelps has voluntarily capped expenses in certain

08-13555-mg Doc 8420 Filed 04/16/10 Entered 04/16/10 16:42:28 Main Document Pg 14 of 43

categories and did not seek reimbursement for expenses in other categories. For example, Duff & Phelps has voluntarily capped hotel expenses at \$500 per night. Further, Duff & Phelps is not seeking reimbursement for other expenses that it might be entitled to, including printing and copying fees, certain meal expenses incurred while working on the engagement, certain incity transportation, for example taxi and subway expenses, as well as fees incurred in the ordinary course of business when booking travel. These expenses voluntarily eliminated by Duff & Phelps total more than \$200,000.

- Duff & Phelps maintains detailed records of the time spent by all professionals, and the expenses incurred by them, in connection with their responsibilities to the Examiner. Copies of the redacted detailed time records are annexed hereto as Exhibit G, Exhibit H, Exhibit I and Exhibit J. Exhibit G is a reproduction of Exhibit B from Duff & Phelps' October 2009 redacted fee statement, Exhibit H is a reproduction of Exhibit B from Duff & Phelps' November 2009 redacted fee statement, Exhibit I is a reproduction of Exhibit B from Duff & Phelps' December 2009 redacted fee statement and Exhibit J is a reproduction of Exhibit B from Duff & Phelps' January 2010 redacted fee statement. Copies of unredacted versions of these detailed time records have been submitted previously to the Chair of the Fee Committee, under a confidentiality letter agreement, and the Office of the United States Trustee.
- 27. During the course of the investigation, Duff & Phelps has prepared and submitted redacted versions of the detailed time entries in order to comply with the confidentiality requirement of Paragraph 5 of the Examiner Order. Although the Examiner has now filed his Report and the Report has become public in its totality, the Examiner has cooperated and continues to cooperate with law enforcement authorities in their investigations. Therefore, the scope of the Investigation continues to be confidential (except to the extent

disclosures are made in the Report itself), which is why the Duff & Phelps is submitting with this application the redacted versions of the detailed time records.

- 28. Annexed hereto as Exhibit K is information intended to augment the time descriptions which are found in Exhibits G, H, I and J.
- 29. All of the services for which interim compensation is sought were rendered to the Examiner solely in furtherance of his duties and functions as Examiner and not on behalf of any individual creditor or other person.
- 30. Except for subcontractors hired by Duff & Phelps upon and with approval by the Examiner, Duff & Phelps has not entered into any agreement, express or implied, with any other party for the purpose of fixing or sharing fees or other compensation to be paid for professional services rendered in these cases.
- 31. Duff & Phelps has not shared, nor agreed to share (a) any compensation it has received or may receive with another party or person, other than subcontractors hired by Duff & Phelps upon and with approval by the Examiner, or (b) any compensation another person or party has received or may receive. No promises have been received by Duff & Phelps as to compensation in connection with these cases other than in accordance with the provisions of the Bankruptcy Code.
- 32. To the extent that time or disbursement charges for services rendered or disbursements incurred relate to the Compensation Period, but were not processed prior to the preparation of this Third Interim Application, Duff & Phelps reserves the right to request additional compensation for such services and reimbursement of such expenses in a future application.

Accordingly, when possible, Duff & Phelps delegated tasks to lower cost professionals or, for discrete matters, to professionals with specialized expertise in the particular task at issue. While that approach may have required intra-office conferences or involved individual professionals who spent only a few hours on the matter at hand, the net result was enhanced cost efficiency.
- amount of time spent by each professional in performing actual and necessary advisory services to the Examiner and Counsel to the Examiner in the conduct of the Investigation. That data came directly from computerized records that are kept specifically for this engagement.

  Individual time entries are maintained on written daily logs and are input directly into the billing system. All time entries and expenses are uploaded into the billing system, which then produces draft spreadsheets of time and expenses. Duff & Phelps professionals have reviewed and edited the draft spreadsheets for errors prior to their submission.
- usual rates which Duff & Phelps charges clients on matters of this type, subject to the 10% reduction in standard hourly rates to which Duff & Phelps has agreed because of the significant public interest associated with the Examiner's duties and responsibilities. In addition, the disbursements for which Duff & Phelps seeks reimbursement are the customary and usual expenses for which the Duff & Phelps seeks reimbursement from their clients. Duff & Phelps does not charge its clients for facsimiles, postage, duplicating and computerized research, domestic and long distance telephone (other than while traveling), and certain overtime expenses,

and takes those expenses into account in its overhead. The hourly rates applied in this Third Interim Application do not compensate the firm for such expenses.

104. Section 331 of the Bankruptcy Code provides for interim compensation of professionals and incorporates the substantive standards of section 330 to govern the Court's award of such compensation. 11 U.S.C. § 331. Section 330 provides that a court may award a professional employed under section 327 of the Bankruptcy Code "reasonable compensation for actual necessary services rendered . . . and reimbursement for actual, necessary expenses." 11 U.S.C. § 330(a)(1). Section 330 also sets forth the criteria for the award of such compensation and reimbursement:

In determining the amount of reasonable compensation to be awarded to an Examiner, trustee under Chapter 11, or professional person, the court should consider the nature, the extent, and the value of such services, taking into account all relevant factors, including

- (A) the time spent on such services;
- (B) the rates charged for such services;
- (C) whether the services were necessary to the administration of, or beneficial at the time at which the service was rendered toward the completion of, a case under this title;
- (D) whether the services were performed within a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed;
- (E) with respect to a professional person, whether the person is board certified or otherwise has demonstrated skill and experience in the bankruptcy field; and
- (F) whether the compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in cases other than cases under this title.

11 U.S.C. § 330(a)(3).

105. Duff & Phelps respectfully submits that the services for which it seeks compensation in this Third Interim Application were, at the time rendered, believed to be necessary and beneficial to the Examiner and the Investigation. Duff & Phelps further submits that the compensation requested herein is reasonable in light of the nature, extent, and value of such services provided to the Examiner and Counsel to the Examiner. The Examiner has been given the opportunity to review this application and has approved the requested amount.

The services rendered by Duff & Phelps were consistently performed in a 106. timely manner commensurate with the complexity, importance and nature of the issues involved. Duff & Phelps took numerous steps to ensure the services were rendered in the most efficient, costeffective manner. Such steps include (a) establishing several cross-functional teams, such as the project management, the data and document management and the valuation coordination ("VCT") teams to minimize overlap of activity among the functional teams; (b) focusing on the tasks deemed most beneficial to the investigation by taking top-down view of each of the major issues to readily identify areas that warranted greater scrutiny, and thereafter conferring with the Examiner and Counsel to the Examiner to again focus on only those tasks/deliverables they directed Duff & Phelps to continue to focus upon; (c) establishing weekly team leader calls both internally and externally between Duff & Phelps' team leaders and the respective team leader(s) at Counsel for the Examiner; (d) leveraging off of work already performed by others, including Counsel to the Examiner, Alvarez, Barclays, Deloitte, Ernst & Young, Houlihan, Lokey, Howard & Zukin and Gifford Fong Associates; (e) primarily analyzing data and issues that have not yet been the focus of other investigations, the results of which we expect has and will continue to benefit other parties; (f) refraining in all but a select few instances from performing first level review of any document productions by coordinating efforts with Counsel for the Examiner who have, along with contract

attorneys, performed most first level reviews, and instead, efforts have been focused on reviewing only those documents which have been flagged either as "Hot" or "for Duff review"; and (g) to the extent we perform first level review of a document production, junior analyst reviewers knowledgeable about the needs of each area of the investigation are assigned that can readily identify relevant documents and communicate such findings with the appropriate teams.

- 107. Based upon the foregoing, it is respectfully submitted that approval of the interim compensation sought herein for the Compensation Period is warranted.
- 108. To the extent applicable, Duff & Phelps further requests that the Court waive for cause shown any Guideline requirement not met by this Third Interim Application.
- 109. No previous application for the relief sought herein has been made to this or any other court.

#### **CONCLUSION**

WHEREFORE Duff & Phelps respectfully requests: (i) allowance and payment of compensation for professional services rendered during the Compensation Period in the amount of \$17,090,309.03; and (ii) reimbursement for actual and necessary expenses Duff & Phelps incurred during the Compensation Period in the amount of \$346,491.55; and (iii) that the Court grant Duff & Phelps such other and further relief as is just.
